2. The Deputy Commissioner of Mysore states that in the Heggaddevankote taluk two darkhasts were omitted to be shown as pending in the salwar details for the last quarter. Such omissions should not recur in future.

3. In the statement submitted by the Deputy Commissioner of Shimoga for the last quarter, the number of darkhasts pending disposal at the end of the quarter was shown as 20, whereas in the statement submitted for the present quarter, the number of darkhasts pending disposal at the beginning of the quarter is put down as 22. This discrepancy needs explanation.

4. The attention of the Deputy Commissioner of Chitaldrug is invited to para 3 of Government Proceedings No. 4554-61—R. 2164, dated 5th January 1899, and he is requested to submit the explanation therein called for.

The following demand, collection and balance statements of the several districts of the State for the twelve months ending 30th June 1898.

Statement Serial No. 2, Sayer Accounts.
Do 4, Land Revenue.
Do 5, Casual Land Revenue.
Do 8, Assessed Taxes, Sayer and Salt.
Do 9, Miscellaneous Collections.

No. 5619-27—R. 2744. DATED BANGALORE, 17TH FEBRUARY 1899.

ORDER THEREON.—The subjoined statement shows the demand, collection and balance in the several districts of the State under the heads "Land Revenue," "Sayer," "Salt," "Mohatarfa," and "Miscellaneous" for the twelve months of the year 1897-98 as compared with the figures for the corresponding period of the previous year.

2. *Land Revenue.*—The total demand for the year under review shows a net increase of Rs. 3,61,003, notwithstanding a falling off of Rs. 48,250 in the Shimoga district. Out of the decrease of Rs. 48,250 in the Shimoga district, Rs. 21,983 represents the falling off in the opening balance and the rest the decrease under "Current demand" which is reported to be partly due to the reduction of one-fourth assessment on the supari garden lands in the Sagar taluk and partly to the smaller amount realised from malki sales.

The total Collections for the year show also an increase of Rs. 4,61,338.

3. The proportion of outstanding balance to the entire demand was as follows:—

District.	1896-97.	1897-98.	District.	1896-97.	1897-98.
Kolar	12·9	10 1	Mysore	7·1	5·8
Shimoga	8·5	10·1	Bangalore	3·8	2·4
Hassan	6·7	8·7	Tumkur	7·4	1·5
Kadur	9·4	8·3	Chitaldrug	1·3	0·4

The balance has increased in the Shimoga and Hassan districts. The attention of the Deputy Commissioners of these districts is drawn to the necessity of prompt measures being adopted for reducing the balance.

4. The yearly details of balance at the end of June 1898, in the several districts, are shown in the subjoined Statement B and relate to a period of more than twenty years from 1875-76 to 1897-98. The districts of Hassan and Kolar exhibit the oldest balances. It is observed that proper steps do not appear to have been taken to adjust these longstanding arrears in spite of instructions already given in para 7 of this office No. 4860-68—R. 1563, dated 4th December 1897. The Deputy Commissioners concerned are therefore again requested to take prompt steps for the early adjustment of all longstanding outstandings. It is believed that the balances shown in these returns correspond with the actual arrears outstanding against each raiyat as per Village accounts. In the Government Proceedings noted above, the Deputy Commissioners were requested either to satisfy themselves on the point and to add a note to the effect that the balances were properly verified or to explain differences and discrepancies, if any, between the Kulwar and District accounts. The Deputy Commissioner, Mysore district, in submitting a statement showing the differences in the balances between the Kulwar and District accounts, requests orders for adopting the Kulwar balance and wiping off of the excess balance in the District accounts, while the other Deputy Commissioners have neither noted such verification nor explained the differences, if any. They are, therefore, again requested to ascertain whether the balances shown in the District accounts correspond with those shown in the Kulwar accounts and to submit a report explaining the cause of difference, if any, for the orders of Government.

5. *Sayer.*—The large decrease under this head in the Tumkur district is stated to be due to decrease in the production and distribution of supari.

6. *Mohatarfa.*—The heavy decrease of Rs. 39,877 under "Demand" is mainly due to the abolition of the loom-tax.

7. *Miscellaneous.*—In the Mysore and Shimoga districts, the balances left uncollected are heavy, being Rs. 19,842 and Rs. 19,432, respectively. Steps should be taken for their early collection.

The demand, collection and balance statements (Serial No 8 "Forest") of the several districts of the State for the twelve months ending 30th June 1898.

No. 5700-8—R. 2773, DATED BANGALORE, 21ST FEBRUARY 1899.

ORDER THEREON.—The subjoined abstract statement prepared in this office, from the returns received from the Deputy Commissioners, shows the demand, collection and balance under the head "Forest" for the twelve months ending 30th June 1898, as compared with the figures for the corresponding period of the previous year.

Statement showing the Demand, Collection and Balance under the head "Forest" in the Mysore State for the twelve months ending 30th June 1898.

Demand, Collection and Balance.	Year	Bangalore	Kolar	Tumkur	Mysore.	Hassan.
Demand, including arrears	1896 97	84,393	39,147	33,580	3,94,234	92,169
	1897 98	88,091	67,116	62,771	4,02,652	1,21,374
Collections, including remission	1896 97	84,252	37,302	32,756	3,71,824	67,368
	1897 98	87,962	62,150	62,571	3,88,304	1,19,449
Balance	1896 97	131	1,915	1,103	19,410	24,801
	1897 98	129	4,964	200	14,148	1,925

Demand, Collection and Balance	Year	Shimoga	Kadur	Chitaldrug	Huzur Treasury.	Total.
Demand, including arrears	1896 97	2,21,200	1,25,992	36,119	14,376	10,41,479
	1897-98	2,93,759	84,434	41,828	150	11,82,175
Collections, including remission	1896-97	2,00,917	1 16,518	36,116	14,376	9,64,329
	1897-98	2 73,100	71,083	41,828	150	11,06,797
Balance	1896-97	20,283	9,474	3		77,150
	1897-98	20,659	14,351	.....		35,378

2. The increase of Rs. 1,20,696 under "Total demand", which was general in all the districts except Kadur, was due chiefly to increase in the sale proceeds of sandal wood, tangadi bark, timber and minor forest produce.

3. Under "Collections" also there was an increase of Rs. 1,42,468 due chiefly to the increase in demand.

4. The percentage of balance to the entire demand was as follows:—

Districts.	1896-97.	1897-98.
Kadur	7·5	15·8
Kolar	4·9	7·4
Shimoga	9 2	7·0
Mysore	1·0	3·5
Hassan	20 7	1 6
Tumkur	3·3	0·3
Bangalore	1	·1
Chitaldrug	01	Nil

The above figures show that the collection in the Kadur and Kolar districts was not quite so good as in 1896-97, and the existence of the heavy balance there requires the early attention of the Deputy Commissioners of these districts.

5. The balances remaining uncollected are heavy in the Shimoga, Mysore and Kadur districts. The Deputy Commissioners of these districts are requested to take early steps in the matter.

Government Proceedings No. 7866-74—R. F. 130-93, dated 10th March 1897, prescribing, as an enclosure to the Pahani Takhta Form No. 7, Appendix A, to the rules under the Land Revenue Code, a statement showing the area of cultivated lands classified according to the probable outturn of crops when standing thereon and the estimated outturn of crops after they are harvested, and laying down instructions regarding the same.

No. 5713-20—R. F. 130-93, DATED BANGALORE, 21ST FEBRUARY 1899.

ORDER THEREON.—On an examination of the returns submitted by Deputy Commissioners in accordance with Government Proceedings No. 7866-74—R. F. 130-93, dated 10th March 1897, it is observed that in some districts the figure given in column 2 (total extent Government and minor inam cultivated) is repeated both in columns 3 to 6 and columns 9 to 12, *i.e.*, both under "standing crops" and "harvested crops"; and an estimated outturn of the former is given in column 8 and an estimated outturn of the latter is given in column 14. The object of this is explained to be to furnish information of two estimates in respect of the same crop in different stages *viz.*, one estimate made while it was standing and another made on its being harvested. This double estimate is unnecessary.

2. When at time of Pahani a food crop is standing on the entire area cultivated with it and no part has been harvested, this entire extent (figure in column 2) should be distributed among columns 3 to 6 and there will be no entries to make in columns 9 to 14. When a given food crop is harvested on the entire area cultivated with it and no portion is standing on the fields, then the figure in column 2 will stand distributed among columns 9 to 12 and there will be no entries to make in columns 3 to 8. If at the time of Pahani a given food crop is standing on a part of the area cultivated with it and has been harvested on the remainder, then the area on which the crop is standing should be shown distributed among columns 3 to 6, the estimated outturn thereof being entered in column 8 and the area on which the crop has been harvested should be distributed among columns 9 to 12, the estimated outturn thereof being entered in column 14. In the case last mentioned, the two sets of areas together will aggregate the figure shown in column 2. These instructions should be read as No. 6 in the "Remarks" on enclosure to Pahani Takhta No. 7 printed in Government Proceedings No. 7866-74—R. F. 130-93, dated 10th March 1897.

3. Thus, when a later estimate of a crop is available in the Pahani enclosure the earlier estimate of the same crop need not be given in the returns sent up to head offices. In these returns also, in order that the columns might agree with the form prescribed, additional columns which may have to be provided for "name of village" or "name of hobli" or "taluk" and serial number need not be numbered.

ALSO—

Letter No. 164, dated 2nd September 1898, from the Superintendent of Revenue Survey in Mysore, reporting, with reference to the above, his views on the question as to when a raiyat should relinquish and when enter upon possession of an occupancy.

No. 5780-88—R. F. 290-92, DATED BANGALORE, 22ND FEBRUARY 1899.

ORDER THEREON.—From the Deputy Commissioners' reports read above, it is observed that the cultivation season ranges as regards dry crops from—

April—June in the districts of Bangalore and Kolar.
April—December in the districts of Tumkur and Chitaldrug.
March—October and December in the districts of Shimoga and Mysore.
April—September and November in the districts of Kadur and Hassan.

And as regards wet crops (Kartik) from—

April—July in the Bangalore district.
May—July in the Kolar district.
June—September in the Tumkur district.
February—September in the Mysore district.
April—June in the Hassan district.
March—July in the Shimoga district.
January—July in the Kadur district.
May—August in the Chitaldrug district.

The cultivation season for sugar-cane generally extends from January to March and April. In some of the districts the cultivation begins also in September to December.

2. The Superintendent of Revenue Survey in Mysore, who was consulted in the matter, is of opinion that the 31st of March is the most suitable date for notice of absolute relinquishment and entering upon occupancy of lands both in the interests of Government and of the raiyats.

The rule now in force requires that notice of absolute relinquishment in any district shall be given on or before the 30th April of the current Revenue year from the close of which the relinquishment is to have effect. Having regard, however, to the period of the year at which the cultivation season generally begins throughout the State, Government agree with the Superintendent of Revenue Survey in thinking that the 31st of March should be fixed as the most suitable date within which the notice of absolute relinquishment should be given by a raiyat, and accordingly direct that the present rule be modified and the following Notification published in the *Gazette*:—

Para 1, Rule XXVI of the Land Revenue Rules as amended by Government Notification No. 4939—R. F. 60-92, dated the 16th September 1893.

NOTIFICATION.

The Government of Mysore are pleased to direct that the following alteration be made in para 1 of Rule XXVI of the Mysore Land Revenue Rules, as amended by Government Order No. 3211-50—Cir. 36, dated 23rd May 1892, and Notification No. 4939—R. F. 60-92, dated 16th September 1893—

For "30th April" substitute "31st March."

2. The rule thus modified will read as follows:—

"Notice of absolute relinquishment in any district shall be given on or before the 31st March of the current Revenue year, from the close of which the relinquishment is to have effect."

Letter No. 230—82, dated 10th January 1899, from the Inspector of Agricultural Banks in Mysore, submitting, through the Deputy Commissioner, Mysore district, a Memo on the Inspection of the Agricultural Bank at Seringapatam, Seringapatam taluk.

No. 5760-61—R. F. 54-97, DATED BANGALORE, 22ND FEBRUARY 1899.

ORDER THEREON—Recorded with the following observations.

Memo of the Inspector.	*Observations.*
* * * *	
4. From this it will be seen that the Bank has dealings under all classes. The loans under Class I are given to the extent of ⅗ths of the property hypothecated to the Bank. The period of repayment of loans under this class is ten years in all cases. When the members were questioned why such a long period was allowed in all cases without assigning any reasons for doing so, as required by para 46 of the Articles of Association, they replied, all of them were unable to repay the loan within five years as their profits from the produce of the land would not cover their legitimate expenses and the payment of the instalments within the short period of five years.	The members should be informed that the rule requiring repayment ordinarily within five years should be enforced.
As regards loans under Class II, the Bank authorities did not take two sureties as per para 49 of the Articles of Association, which omission they have been instructed to rectify.	**The Amildar should satisfy himself that this has been done.**
6. Examination of documents. *Venkatadasachari.* His lands were originally valued at Rs. 10,132. He was paid Rs. 2,500 on their hypothecation. Survey Nos. 292, 298 and 299 seem to have passed out of his hands. The Directors should at once get a fresh document executed including only those lands in his possession and enjoyment. The Directors should have more carefully scrutinised the survey numbers and then entered them in the bond. This gentleman has a grown-up son. It is necessary that he should attest the document. This member has not cleared all his debts. Some of the survey numbers included in the bond executed in favor of the Bank had been previously hypothecated to one Chowbini Marianna for Rs. 1,000 and this debt is not yet liquidated. The Directors say that his properties are worth the loan given by the Bank in addition to Rs. 1,000 due to Marianna. It seems highly desirable to clear this debt also. Among the survey numbers hypothecated to the Bank by Subrahmanya Sastri, some numbers in the bond do not tally with those shown in the Property Register. This should at once be rectified.	**This should be done without loss of time.** **The security in favor of the Bank should be free from all encumbrances.** **This should be insisted on.** **Yes.**

Memo of the Inspector.	*Observations.*
7. Discharged documents for the amount shown against each are due from the following members.	
Name. — *Amount.* Rs.	These should be secured at once.
E. Rangachar ... 200	
P. Murtiachar .. 100	
T. Srinivasa Murtiachar .. 150	
Subrahmanya Sastri . 1,400	
8. *Cash Book.*—Interest Account—Rs. 10-10-10 recovered from Ahobala Rao instead of Rs. 10-13-0. In the case of Anantachar and Dasachar, the same mistake has been made. No vouchers have been kept for contingent expenses.	Such irregularities should not be allowed to recur. The amounts due should be recovered now.
9. *Ledger.*—This has not been properly posted up. Entrance fee recovered from each member has not been shown against each. So also, the interest. The Agent was instructed to post these items, &c., so as to ascertain at any time the amount due from any member.	This should be done at once.
11. *Property Register.*—This important register is not completely posted up. The Agent said that some particulars had to be verified from the taluk records and then entered. The Amildar has been addressed on the subject.	This is really unsatisfactory. The Amildar should see that this register is properly posted up and a report of his having done so must be obtained and submitted.
12. *General Remarks.*—The Bank has been recovering interest at the rate of 5⅛ per cent instead of 5½ per cent as has been the case with other Agricultural Banks. I explained to the Directors the necessity of raising the interest to 5½ per cent to enable them to meet the contingent and establishment charges and form a Reserve Fund to meet unforeseen losses. I impressed upon the members the necessity for supplementing the advance from Government by deposits both from themselves and outsiders. They pleaded that some years must elapse before they could create confidence in the public mind, and even in their own case they could not immediately put by any sum, as this beneficient institution has just enabled them to emerge from chronic indebtedness.	It should be clearly explained to the members that Government have come to their aid provisionally and the money advanced must be paid back to Government within a reasonable period. To enable them to do so the members should go on effecting savings and depositing them in the Bank from time to time.

3. Correspondence ending with letter No 697, dated 5th April 1898, from the Superintendent of Revenue Survey in Mysore on the same subject

---

No. 5925-33—R. F. 133-95, DATED BANGALORE, 25TH FEBRUARY 1899.

ORDER THEREON.—From the reports of the Deputy Commissioners read above, Government find that there is a preponderance of opinion in favor of the retention of para 7A, but a further relaxation is desired, *viz.*, that when fifty per cent of the land-holders are in favor of the substitution of dressed stone for mounds of earth, sanction may be given

2. The Superintendent of Revenue Survey, who was consulted in the matter, expresses his opinion that the relaxation of Rule 7A as above will only make the substitution of dressed stone for earthen mounds more difficult, as the presumption is that a great many land-holders will be unwilling to have the proposed substitution and will not co-operate. He further states that the extremely small extent to which para 7A, although published in 1891, has been availed of, and even then illegally by the land-holders, shows clearly that the clamour about having stones instead of bandhs is not genuine. He also states that he objects to any alteration of the boundry marks being made except at time of survey, and that his chief objection to the substitution of stones for earthen mounds is that stones are in every way inferior in efficiency to earthen mounds. He therefore recommends the entire cancelment of para 7A of Rule XXX of the Land Revenue Rules and also suggests that, to prevent hardship in insisting upon earthen bandhs being kept up in wet lands, the following addition may be made to para 8 of Rule XXX of the Land Revenue Rules :—

"Also for the purposes of Sections 131 and 132 a stone, as laid down in para 3 of this rule, 2 feet in length and 9 inches square, of dressed stone, found securely fixed in its correct position at the corner of a wet field, will be held equivalent to the corner mounds being in repair."

3. Government agree with the Superintendent of Revenue Survey in his suggestions to cancel para 7A and to make the above addition to para 8 of Rule XXX of the Land Revenue Rules, and accordingly direct that the following Notification, giving effect to the above suggestions, be published in the *Mysore Gazette.*

Letter No. 616—483, dated 10th February 1899, from the Deputy Commissioner, Shimoga district, reporting that the irregularities observed in Government Proceedings No. 3428-9—R. F. 134-96, dated 22nd November 1898, in the affairs of the Agricultural Bank at Nallur, Channagiri taluk, have been rectified and that orders have been issued for the recovery of the overdue instalments of debts due to the Bank.

No. 5965-73—R. F. 134-96, DATED BANGALORE, 27TH FEBRUARY 1899.

ORDER THEREON.—Recorded with the following observations:—

1. The Agent of the Bank should be required to refund at once to the Bank the amount he has appropriated on account of his remuneration, and a report of his having done so should be submitted for the information of Government.
2. What the First Assistant Commissioner says in his letter No. 48, dated 1st February 1899, as regards the total number of members and the number of members who have completely paid up the loans taken by them, does not agree with the statement of debts, &c., submitted by him. Only one member, not two out of 18 (not 17), appears to have so repaid the amount in full.
3. The Amildar should be required to satisfy himself that all the overdue instalments are paid to the Bank without further loss of time, and to enforce punctual payments in future.

Letter from the Deputy Commissioner, Hassan district, No. 554, dated 2nd February 1899, soliciting certain instructions in regard to the statements relating to statistics of irrigation works, prescribed in paras 25 and 13 of Government Proceedings No. 8325-33—R. F. 62-97, dated 9th March 1898.

No. 6027-34—R. F. 62-97, DATED BANGALORE, 28TH FEBRUARY 1899.

ORDER THEREON.—First as regards the Revenue Return Serial No. 28 A prescribed in para 25 of Government Proceedings No. 8325—R. F. 62-97, dated 9th March 1898.—In the case of tanks irrigating areas in alienated villages the information required by the first three columns in regard to each class of tanks (total number, number in breached condition, and the remainder in good order) can be easily ascertained by the taluk authorities and should, therefore, invariably appear on the return. The information required for the subsequent columns should be obtained from the inamdars themselves for which Rule VI of the Rules under the Land Revenue Code and Account No. 15 prescribed in Appendix A to the said Rules (read in the light of the further instructions contained in Proceedings No. 8870—R. 2967, dated 8th April 1897) afford ample facilities. Where a village has been surveyed in detail, survey areas will, of course, be adopted. In other cases the local recorded areas should be converted into acres and guntas. As the annual returns should not be delayed on account of this information regarding inam villages, the latter should be furnished as far as available, the number of tanks in respect of which the information is not available being entered in a separate line with a remark to that effect opposite thereto. Every endeavour should, however, be made to supply the deficiency in subsequent returns.

2. As regards the statement prescribed in para 13.—The Appendix No. II to Village Account No. 11 being entirely a Sirkar village account and the information required therefor being entirely in respect of land in Sirkar villages, there ought to be no difficulty in Jamabandi Officers getting the account properly prepared with the other account relating to the village. Be it noted that column 2 (Sirkar, Inam or Kodagi) is meant to describe the tank which irrigates lands in the Sirkar village to which the account relates.

Correspondence ending with letter No. 227-44, dated 2nd January 1899, from the Inspector of Agricultural Banks in Mysore, regarding the resolution of the Chikmagalur Bank allowing 20 years for the repayment of loans of Class I on the security of immoveable property.

No. 5673-4—Fl. 671, DATED BANGALORE, 20TH FEBRUARY 1899.

ORDER THEREON.—The Inspector of Agricultural Banks brings to notice that the members of the Agricultural Bank at Chikmagalur passed a resolution on 10th October 1898 that every member should repay at least 1-20th of the loan taken by him whether he realizes any profits from the sale of coffee or not. It is reported further that in the bonds executed by the members, in favor of the Bank in connection with loans under Class I on the hypothecation of immoveable property, one of the conditions is that the principal should be returned within five years. The resolution quoted above virtually extends this period to 20 years. Under para 46 of the Articles of Association, loans of the class mentioned above should be repaid by equal annual instalments ordinarily within five years and in special cases within ten years. The members of the Bank should therefore be informed that the resolution in question being contrary to para 46 of the Articles of Association cannot be allowed to stand and that the rule laid down in para 46 of the Articles of Association should be strictly adhered to.

Annual Report on Government Gardens and Parks in Mysore for the year 1897-98.

No. 5698-9—Ft. F. 15-95, DATED BANGALORE, 20TH FEBRUARY 1899.

ORDER THEREON.—The Superintendent's report contains many useful and interesting statistics carefully gathered, among which the information furnished as regards the cultivation of hybrid coffee and potato tubers and certain agricultural pests deserves particular notice.

2. The season was good, the rains were timely, and there was no dearth of water for irrigation purposes, and garden cultivation was on the whole successful.

3. A list of drawings executed under Mr. Cameron's superintendence is appended to the report. These drawings form a valuable collection which is in course of transmission to the Director of Kew Gardens.

4. There were a few casualties among rare animals, while some good additions were made by purchase and gifts.

5. Two Horticultural Shows were held during the year and the exhibits were on the whole good.

6. It is satisfactory to note that attention is being paid to sericulture.

7. A brief statement of the work done in the Daria Dowlat Bagh at Seringapatam should have been embodied in this report (*vide* Government Order No. 1675-6—Ft. F. 15-95, dated the 31st August 1898). It is hoped that this will be done in future.

8. The following statement shows the income and expenditure of the institutions under the charge of the Superintendent of the Government Gardens for the year under review as compared with the preceding year :—

Petition of Appeal No. 68 of 1897-98, presented by Chunchegauda I of the village of Arakere, Seringapatam taluk, against the decree of the Deputy Commissioner, Mysore district, dismissing the suit brought for the recovery of the office of police patel of the said village.

2. Records of the case received with letter No. 1331, dated 16th May 1898, from the Deputy Commissioner, Mysore district.

READ AGAIN—

Government Proceedings No. 25047—Pet. F. 111-94, dated 28th June 1895.

The appellant's father Madegauda I was the huckdar patel (Police) of Arakere in the Seringapatam taluk. On his death in 1883, he was succeeded by his eldest son Madegauda II. On the latter's death in 1891, the 1st respondent (Madegauda III) claimed the office as the adopted son of the deceased in preference to Chunchegauda II, son of the present appellant and nephew of the said deceased.

2. The claim was, on 22nd November 1893, allowed by the Sub-Division Officer, and the appeals preferred by Chunchegauda II, to the Deputy Commissioner and the Government, were rejected on the 21st July 1894 and 28th June 1895, respectively.

3. In February 1896, the 1st respondent applied to the Amildar for the transfer of the pateli baravard to the name of the 3rd respondent, Channegauda in whose favor he had absolutely relinquished his huck. The Sub-Division Officer, to whom the application was referred, accepted the resignation so far as the 1st respondent was concerned, but directed the registry of the office in the name of his minor son, the 2nd respondent, and the appointment of the 3rd respondent as gumasta of the minor.

4. In April 1896, the appellant brought the present suit in the Sub-Division Officer's Court for the recovery of the pateli office and of the potgi due for three years from 1892-93, and urged, *inter alia*, that the alleged adoption of 1st respondent by Madegauda II did not take place as a matter of fact and that the relinquishment of the office in favor of a stranger, which was prejudicial to his own huck, was invalid.

5. The Assistant Commissioner at French Rocks, to whom the suit was transferred for disposal, holding that the adoption was not satisfactorily proved and that every member of a huckdar family should have his turn, decreed the office to the appellant but disallowed the claim to the potgi. On appeal by the respondents, the Deputy Commissioner, disagreeing with the Assistant Commissioner on both the points noted above, reversed the decree, and directed that the 2nd respondent be registered as the baravardar, a competent gumasta being appointed during his minority. He further decided that the appellant should be registered as a hissedar whose claims would be entitled to consideration on the occurrence of a vacancy. Hence the present appeal to Government.

No. 5732-9—Pet. F. 111-94, DATED BANGALORE, 21ST FEBRUARY 1899.

ORDER THEREON.—The question of adoption having been decided by Government in Proceedings No. 25047—Pet. 111-94, dated 28th June 1895, after careful consideration, it cannot now be re-opened. It is understood that the Deputy Commissioner has appointed the appellant's son as gumasta during the 2nd respondent's minority. The Government concur in the decision arrived at by the Deputy Commissioner which is equitable, and accordingly direct the dismissal of this appeal.

APPEAL No. 117 OF 1896-97.

Appellant. Ranga.	*versus*	Respondent. Ranganna.

READ—

Petition of Appeal No. 3331—A. S. 117 of 1896-97, presented by Ranga, son of Doddatimmanna of Hole-Byranahalli, Shimoga taluk, appealing against the order of the Deputy Commissioner, Shimoga district, declining to cancel the sale of S. No. 74 of Koppa, Shimoga taluk, held for the recovery of the arrears of kandayam due by him for the year Jaya, 1894-95.

2. Correspondence ending with Shimoga Deputy Commissioner's letter No. 181—145, dated 26th August 1898, and the records received therewith.

The facts of the case are as follows:—

At the jamabandi of the year Jaya, 1894-95, the raiyats of Hole-Byranahalli including the appellant complained of the failure of crops in the lands behind the Koppa tank for want of rain and prayed for the remission of kandayam. After inspecting the tank and the lands behind it, the Jamabandi Officer recommended to the Deputy Commissioner the remission of half the assessment as a special case. But, when the matter came up before Government for orders, sanction was refused in Proceedings No. 5457-64—R. F. 14-95, dated 11th December 1895.

2. In the meanwhile the complainants withheld payment of the arrears and the Amildar, not having received any orders as to remission, adopted coercive measures for the recovery of the arrears. A demand notice was served upon the appellant on 18th November 1895, and as the arrear due on S. No. 74 of Koppa was not paid, the land was declared forfeited on 25th January 1896 by the Taluk Sheristadar "for Amildar." In March 1896, the appellant paid the kandayam of the land for the year Manmatha, 1895-96. But as the arrear of the previous year Jaya was not paid, the land was sold by public auction on 21st April 1896 and knocked down to the respondent Ranganna for Rs. 37, who, however, did not pay the balance of the purchase money till 7th May 1896.

3. On 25th April 1896, *i. e.*, four days after the sale, the appellant appeared before the Amildar, represented that he was unaware of the sale and paid up the whole of the arrears together with interest which was received and held in deposit. This fact the Amildar omitted to report when submitting the records to the Assistant Commissioner for confirmation of the sale. The sale was therefore confirmed by the Assistant Commissioner, who, on learning subsequently that appellant had paid up the arrear and feeling that he had no power to review his own order, referred the matter to the Deputy Commissioner who refused to cancel the sale holding that there was no irregularity in the sale proceedings. Ranga has now appealed to Government against the Deputy Commissioner's order.

No. 5768-75—Pet. F. 55-98, DATED BANGALORE, 22ND FEBRUARY 1899.

ORDER THEREON.—The value of the land is not specified in the sale proclamation, but is estimated at Rs. 300 in the Amildar's report, dated 28th July 1897. At the auction the land fetched the very low price of Rs. 37. The purchase money, minus the deposit, was not paid by the respondent (purchaser) within the period allowed by Section 180 of the Land Revenue Code. The delegation by the Amildar to the Sheristadar of the power of declaring a holding forfeited is unauthorized, *vide* Proceedings of Government No. 1050-8—Cir. 19, dated 1st May 1891. The fact of the appellant having paid up the arrears and protested against the sale was not brought to the notice of the Assistant Commissioner when he confirmed it.

(2) The several irregularities pointed above vitiate the sale and Government, therefore, direct that the sale be cancelled and the deposit made by respondent refunded to respondent.

(1) Petition of Appeal No. 36 of 1897-98 presented by Mayigauda of the village of Palhalli, Seringapatam taluk, against the order of the Deputy Commissioner, Mysore district, declining to appoint the appellant either as sole or joint patel of the said village.

(2) Letter No. 13, dated 9th July 1898, from the Deputy Commissioner, Mysore district, reporting on the above.

(3) Records of the case.

Timmegauda, father of the respondent, became the patel of the village in 1862-63. In 1874-75, Marigauda, father of the appellant, brought a suit in the Court of the Deputy Commissioner, Mysore district, for the recovery of the pateli office and obtained a decree entitling him to officiate as joint patel. This decree was confirmed in appeal by the Commissioner of Ashtagram Division, but was reversed in 2nd appeal by the Chief Commissioner who observed that Marigauda "had forfeited his right, if he had any, by his own laches and that it was most important that existing arrangements should be disturbed as little as possible until Survey Settlement."

2. On the introduction of Survey Settlement in 1890, the Sub-Division Officer of French Rocks, appointed the appellant as joint patel of the village. This order was confirmed in appeal by the Deputy Commissioner but was in 2nd appeal reversed by the Government on the ground that it was against its policy to appoint two patels for one village.

3. In March 1896, Timmegauda died, and in January 1897 the respondent was appointed by the Sub-Division Officer of French Rocks as patel in succession. As, on appeal by the appellant, the Amildar reported to the Deputy Commissioner that the respondent had mortgaged all his lands to a sahukar, the Deputy Commissioner, in confirming the order appealed against, directed that the respondent should redeem his property from mortgage within two years, failing which his further retention in the office or otherwise would have to be considered. Hence this 2nd appeal to Government

ORDER THEREON.—The Deputy Commissioner's order is affirmed and the appeal dismissed. The Deputy Commissioner will see, after expiry of the period mentioned in his order, that the respondent frees his land from mortgage and proves himself worthy of being entrusted with the responsible duties of patel.

Petition of Appeal No. 2499—A. S. 19 of 1897-98, presented by Gauramma *alias* Puttu Gauramma of Gubbi, against the order of the Deputy Commissioner, Tumkur district, rejecting the appellant's claim to a vacant strip of land adjoining the backyard of the appellant's house, Khaneshumari No. 491 of Gubbi kasba.

2. Letter No. 33, dated 9th July 1898, from the Deputy Commissioner, Tumkur district, reporting that, in his opinion, the land in dispute is included in the Government land bearing Khaneshumari No. 574 and containing the well, though the boundaries specified in the sale-deed, conveying the house to the appellant, include the land in dispute.

No. 5822-9—P. F. 56-98, DATED BANGALORE, 24TH FEBRUARY 1899.

ORDER THEREON.—There is no satisfactory evidence to support the Deputy Commissioner's opinion that Khaneshumari No. 574 includes the site in dispute; that number apparently refers to only the site containing the well which is not claimed by Gauramma. The evidence of the Municipal Commissioners and other witnesses taken in this case is in favor of Gauramma's title, and her sale-deed also shows that the site in dispute lies within the boundaries recited in it. The order of the Deputy Commissioner is accordingly reversed, and the claim of Gauramma to continue in possession and enjoyment of the site in dispute, marked B. E. D. C. in the sketch submitted by the Deputy Commissioner, allowed.

2. Government observe that in an important case like this, where the dispute arose in a Municipal town, necessitating the examination of Municipal Commissioners and other respectable witnesses and the inspection of the disputed locality situate in the kasba or taluk head-quarters, the Amildar might himself have made the enquiry instead of delegating it to the shekdar.

Petition No. 1031, dated 30th November 1898, received from Murigappa, residing in Guntanur village, Chitaldrug taluk, appealing against the order of the Deputy Commissioner of Chitaldrug district, fining the petitioner Rs. 50, for having removed 16 maunds of arecanut from Guntanur to Chitaldrug without payment of duty.

2. Letter No. 571—546, dated 18th January 1899, from the Deputy Commissioner of Chitaldrug district.

With reference to your docket No. Pet.—519, dated 16th December 1898, forwarding for report an appeal petition addressed to Government by one Murigappa of Guntanur, Chitaldrug taluk, protesting against the order fining him Rs. 50 for having made an attempt to carry arecanut evading the payment of sayer duty, I have the honor to state as follows:—

2. On 27th June 1898, the petitioner Murigappa brought to the sante at Chitaldrug a quantity of arecanut weighing 16 maunds, in four unsealed, bags in a cart which had been left about 10 yards from the place where the petitioner's son Ujanappa was selling 4 maunds of supari covered by a rahadari.

3. The octroi servants, in the course of inspection, found the supari bags in the said cart and made enquiries about the owner, when Ujanappa came forward and informed them that the rahadari for the said four bags was with his father who was, however, not to be found in the sante. This fact was brought to the notice of the Taluk Sheristadar who was on the spot. He sent for the petitioner and his son as also the shekdar and the patel of Guntanur who happened to be there and made enquiries into the matter. It was then discovered that the petitioner Murigappa had been hurrying about to get a rahadari for the said 16 maunds of supari from the shekdar with the assistance of the patel, and that he was not successful in the attempt owing to the Municipal Overseer's interference in the matter. The Amildar of Chitaldrug took up the case and recorded the evidence of all the parties concerned and satisfied himself that the petitioner did make an attempt to sell supari uncovered by the rahadari and under cover of the rahadari for 4 maunds. He submitted the record for my orders recommending that, to repress the sharp practice of smuggling sayer articles on the part of these merchants, the said 16 maunds be confiscated to Government.

4. On perusing the record received with the report of the Amildar No. 32, dated 7th July 1898, and on hearing the parties in person, I was convinced that his opinion as to the manner in which the petitioner made an attempt to evade the sayer duty was correct. I accordingly fined the petitioner Rs. 50 and have explained the reasons for doing so in my English order passed on the record. In a separate order I have also fined the patel of Guntanur in Rs. 5 for having come to the rescue of the merchant by trying to get him a rahadari for 20 maunds. The allegations of the appeal petitioner that he simply brought 16 maunds of supari to Chitaldrug with a view to obtain a rahadari from the shekdar, and that his acts were not to deceive the Government, have not been borne out by the record in the case. On the other hand, his intention to defraud Government of the sayer revenue has been clearly proved.

5. The vernacular record with the appeal petition received with your docket under reply is herewith submitted.

No. 5989-96—P. 689, DATED BANGALOE, 27TH FEBRUARY 1899.

ORDER THEREON.—Government certainly consider that the offence has been clearly made out and that the punishment is very lenient. The shekdar ought to have been examined and his lax proceeding of leaving blank forms with patels ought to be discontinued.

2. Patel Kenchappa no doubt connived at the fraud attempted by the petitioner and the nominal fine of five rupees inflicted upon him is worse than useless. When his honesty of purpose was reasonably doubted, the least that the Deputy Commissioner should have done was to remove him from his appointment. The Deputy Commissioner will send up a further report mentioning the antecedents of this patel.

3. Government see no reason to interfere with the fine imposed upon the petitioner. It was his duty, if he wanted to avoid all suspicion, to have obtained the rahadari in Chitaldrug at least before he commenced the sale of the 4 maunds. His omission to do so, his son's referring to the petitioner for the rahadari, all going in great haste to Chikkavirappa's house and the patel there just then writing up a rahadari in a hurry, are all circumstances which are clearly indicative of an attempt to defraud with a preparation or precaution to thwart the consequences of a surprise by having the patel readily available to write up the rahadari. The punishment under the circumstances ought to have been severe and the notice taken of the patel's conduct adequate.

4. The appeal is therefore rejected.

5. The rules prescribe the confiscation of the smuggled arecanut, and if the Deputy Commissioner considered the enforcement of that penalty unnecessarily harsh, he ought to have made a reference to Government. In this instance, however, it is inexpedient to pass any orders regarding the nut which has been restored to the petitioner.

Petition of appeal No. 581—A. S. 81 of 1897-98, presented by Chikkaguruvareddi of Hudi, Bangalore taluk, against the order of the Deputy Commissioner, Bangalore district, granting S. Nos. 58, 59 and 103, of the above village to the respondent Hanumareddi, for planting topes, S. No. 59 to be held revenue free, and the rest on the usual terms.

2. Correspondence ending with letter No. 1538, dated 17th May 1898, from the Deputy Commissioner, Bangalore district.

3. The records of the case from which the facts are as follows :—

*Survey No.	Extent. A. g.	Assessment. Rs. a. p.
58 dry ...	... 3 17	6 8 0
59 dry ...	... 1 12	4 8 0
103 garden	... 1 20	9 0 0

On 4th May 1897 the appellant applied to the Amildar of Bangalore taluk for the grant free of assessment of S. Nos.* 58, 59 and 103 of the above village, for the purpose of planting charitable topes.

This application was referred to the shekdar for report.

On 6th May 1897 the respondent also applied to the Deputy Commissioner in his camp at Vartur for grant of the same numbers for planting topes, No. 103 free of assessment and Nos. 58 and 59 on full assessment. This application was referred to the Amildar, who reported that No. 103 being a garden land, should not be granted revenue free

but that No. 59 which was dry might be so granted instead, and that Nos. 58 and 103 might be granted on full assessment. The Deputy Commissioner passed an order in favor of respondent in accordance with the above recommendation. The appellant in his petition to Government contends that the lands should have been granted to him as the first darkhastdar.

No. 5997-6004—P. F. 61-98, DATED BANGALORE, 27TH FEBRUARY 1899.

ORDER THEREON.—The Deputy Commissioner had no authority to grant S. No. 59 free of assessment without reference to Government. It is, moreover, inexpedient to make such a grant in the present case. As there are two darkhasts for the three lands specified above, the provisions of Rule XX of the Mysore Land Revenue Rules must be given effect to, and the land sold by public auction. The Deputy Commissioner will dispose of the matter accordingly as speedily as possible.

Petition No. 785 of 1897-98 presented by Kempahanumegauda of Nilattahalli, Kunigal taluk, appealing against the order of the Deputy Commissioner, Tumkur district, directing that a manul path running through Survey No. 1 of Kempasagara, in the holding of the petitioner and another Honnegauda, should be kept open.

(2) Letter No. 31, dated 7th July 1898, from the Deputy Commissioner, Tumkur district, reporting as follows

* * * *

"2. Petitioner is the khatadar, along with one patel Honnegauda, of S. No. 1 of Kempasagara agrahara, which measures 9 acres and is assessed at Rs. 7-8-0. The marginal sketch (extract from village map, paper No. 24 in the file), shows the position of this number with reference to gomal lands Nos. 3, 4, 20, 18 and 17 attached to the village The path from Kempasagara to Hebbalalu runs right across No. 1. It is marked on the village map by a single dotted line. Ten guntas of land are deducted as kharab from the area of No. 1 on account of this path as well as a small *halla* at its north-eastern extremity. The single dotted line denoting paths on survey village maps, is, I understand, assumed by the Survey Department to represent a mean breadth of 8¼ feet.

3. The question of a path for the use of the village cattle, on their way to gomal lands Nos 3, 4, 20, 18 and 17, has for several years been the subject of dispute between the villagers and the holders of lands through which such path lay. The vernacular records herewith forwarded, will show that so far back as 1887, a complaint was made to the effect that the path through S. No. 139 was obstructed, and it was decided by the Amildar that the path denoted on the survey map should not be interfered with. The question came up again in 1891 and 1894, by which time Nos 138, 137 and 6, through which the path used to pass, had been taken up on occupancy tenure, owing to which the difficulty of prescribing a path for the use of the village cattle was increased. After discussion with the parties concerned, the Amildar of the day got the occupants of Survey No. 1 (Honnegauda and Sanjiva, peritioner's brother) to agree to allow a path of 9 feet in their land for the village cattle to pass on to the gomal lands. In other words, the path marked on the village map, with the addition of perhaps ½ths of a foot to its breadth, was to be kept open for public use. The statement of these men was reduced to writing on 14th October 1894 and recorded in paper No. 25—23 on the file. The villagers also agreed to hedge in the said path on both sides so that there might be no interference with the crops raised on the land.

4. This settlement lasted only for a short time, for, in February 1896, the villagers complained that the hedges they had planted, had been removed by the khatadars of No. 1, who, in return, complained that their crops had been destroyed owing to the defective construction of the hedges. A long time elapsed in enquiring into these complaints, and with the change of Amildars in the meantime, the proposals of one party or another were encouraged. At last, in June 1897, the dispute found a place in the Jamabandi Takhrar Takhta, when an alternative proposal to find a path through Survey Nos. 31, 28 and 29, as marked in red pencil on paper No. 24, was put forward. Against this proposal, there was the strong objection on the part of the occupant of No. 31, who flatly declined to allow the path to be marked across his land. A path through Nos. 138, 137 and 6 was likewise objected to by the occupants thereof.

5. On a consideration of all the circumstances of the case, I came to the conclusion that, without going to the length of acquiring land on payment of compensation, which proceeding would be necessitated by the proposal to take the path through Nos. 31, 28 and 29 or through Nos. 138, 137 and 6, the path indicated on the village map through No. 1 was the only one which Government could insist upon being kept open for public use *without infringing upon private rights.* It was the shortest in point of distance ; it had been in use prior to the survey ; it had been recognized by that Department and clearly marked on the map and its area deducted from the holding as kharab. The occupants had moreover in 1894 agreed in writing to keep this path open for the use of men and cattle and were therefore estopped from raising any objections to its use as per *mamul.*

6. I accordingly directed that the path marked on the survey map should be hedged in by the villagers so as to prevent the cattle using it from trespassing on and damaging the cultivation on either side. It is this order that is now appealed against."

(3) The records of the case

No. 5949-56—P. F. 60-98, DATED BANGALORE, 27TH FEBRUARY 1899.

ORDER THEREON.—The Deputy Commissioner's order appealed against is, for reasons stated in para 5 of his letter quoted above, just and proper and is hereby affirmed. The petitioner has no exclusive right to the pathway in question which has been expressly reserved as such during Survey Settlement and the area deducted as kharab from petitioner's holding No. 1.
